Lawmaker Calls for Peterson’s Removal

- Atlanta Journal Constitution: “State Rep. Earl Ehrhart, R-Powder Springs, is calling for the ouster of Georgia Tech President Bud Peterson over how the campus responds to sexual misconduct allegations. Ehrhart sought to use his position as chair of the legislative committee that allocates college funding to punish Tech.”

- Rep. Ehrhart - “My responsibility is to the taxpayers. I can’t throw good money after bad. And I’m not going to fund these individuals who make these decisions. Taking away a $47 million Taj Mahal (the school had proposed a library expansion) is not going to harm the students.”
